Abbott BinaxNOW Rapid COVID-19 Antigen At-Home Test Kit

Patient Instructions for Use

TESTING METHOD 1 (preferred)

Requirements

a) Windows or Mac/Apple laptop with a webcam (or a desktop computer with an adjustable/moveable webcam), microphone, and speaker.
b) An Apple phone/tablet or an Android phone/tablet.
c) An email address.
d) An internet connection.

Process

1. **Download the NAVICA app from the Apple App Store or the Google Play App Store from your smartphone/tablet.**
2. **Open the NAVICA app on your smartphone/tablet.**
3. **Create a NAVICA account from the app on your smartphone/tablet and remember your credentials (username and password). If the patient to be tested is a minor (age 17 or younger), tap the TEST SITE icon at the bottom of the NAVICA app and then tap the profile icon at the upper right of the screen to add a MANAGED PROFILE for the minor to be tested.**
4. Take the test kit home.
5. Open a web browser (Chrome, Firefox, or Safari) on your laptop or desktop and go to ohio.emed.com
6. Click the START TESTING button on the page.
7. Click the LOGIN WITH NAVICA button on the page and use your NAVICA account credentials you created in Step 2 above.
8. Confirm your account and personal information.
9. Answer the series of questions to prepare for the visit with the eMed proctor and click CONTINUE. This will begin the testing session with the eMed proctor.
10. Provide your name and date of birth to the eMed proctor.
11. Follow all directions from the eMed proctor to take the test.

Results

1. After you complete the test you will receive a "pass" on your NAVICA smartphone/tablet app that contains your test results. Tap PASS on the NAVICA app to view your results and pass.
2. If you test negative, you can show your pass to your school or employer from your smartphone/tablet. Your school or employer will verify the validity of this pass using the NAVICA app on their own smartphone/tablet by scanning the patient's QR code as displayed on their smartphone/tablet. Make sure your school or employer can view you actually opening the NAVICA app and accessing the pass in real-time.

If you have any questions or problems, please call UCHD 937-642-2053.

Helpful Hints for any Testing Methods

- The eMed proctor is not a healthcare provider but is qualified to administer the test and read the results.
- Ensure that you have plenty of space in front of you to use the test kit. The test card must lay flat on a hard surface.
- The eMed proctor will have you adjust your webcam at various times during the testing. You must have a webcam that can be moved (laptop webcams work great – if you have a desktop webcam it needs to be repositionable). The proctor will need to view the test kit on the surface in front of you at certain times and will need to view you (the patient) at other times. For the test to be valid, follow all of the proctor's instructions. For example, the proctor must be able to view the test card during the 15 minutes the test runs or it will be invalidated.
- You will need to scan the QR code on the test card with your webcam at two separate times. Make sure you hold the QR code up to the webcam when instructed. Keep the QR code in the center of the camera and hold it as still as possible.

SELF-REPORTING YOUR RESULTS

While the Abbott BinaxNOW Home Test is designed and intended to be paired with telehealth proctoring, we know many individuals who have completed the process once are completing for future tests without telehealth.

If you have tested without telehealth, there is a process in the Navica App and on the website to self-report your positive (or negative) test results to the health department.
- **Please note, this self-reporting method IS NOT ACCEPTABLE for meeting the requirements for "Mask to Stay" or "Test to Play".** These state provisions **REQUIRE a PROCTORED NEGATIVE TEST** which means the test must be completed with telehealth through emed.ohio.com or a different test through a certified provider (your local health department or medical provider qualifies).
- If you have questions about the end of quarantine testing, please contact your local health department.

Self-Reporting in the Navica App:
1. Once logged into the app, on the home screen, click SELF-REPORT A RESULT.
   a. Verify the name and date of birth of who you are reporting results for.
   b. Use the right arrow to change to a different registered individual.
   c. Click THE TEST ABOVE MATCHES THE COVID-19 TEST I USED. button
   d. Click CONTINUE.
2. The next screen is ENTER RESULT.
   a. Again, verify name and date of birth who you are reporting results for
   b. Click the appropriate button for POSITIVE, NEGATIVE or INVALID
   c. Click SUBMIT.
   d. You will need to confirm the results one more time in a pop up box, click SUBMIT.
3. You will then receive a confirmation email with your results to the email address registered with the Navica app.
4. The health department will follow-up with you within 24-48 hours.
